

# The Incredible Ice Cream Co.

## Self-service ice cream bars for the event industry

*Everyone was raving about the ice cream and how much fun it was. The kids loved it - they were crying when they had to leave.*

Erica Williams, Banana Split plc

*If you are looking for an incredible ice cream experience with a great product and charming staff, you can do no better. We liked them so much we've booked them for another two events later in the year*

Louise Breton, Trailfinders Limited

**... because everybody  
loves ice cream!**

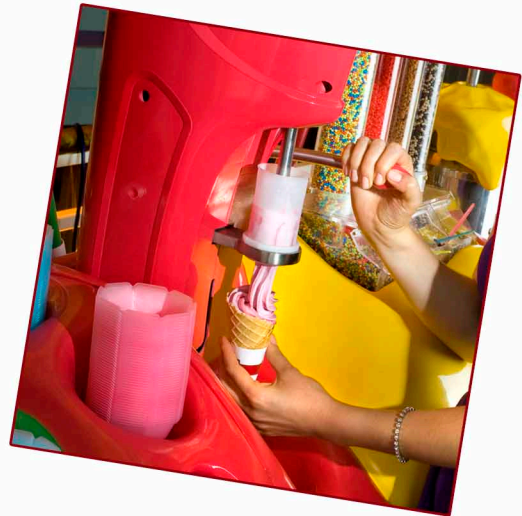

# The Incredible Ice Cream Co.

Our exuberantly styled bars contain the highest quality dairy ice cream, specially packed into single-serving cartridges which guests select from our freezers.

They insert the cartridge into one of our unique ice cream pumps and pull down on the handle. It's as simple as that!

The ice cream is delivered right into their cone or cup, ready for smothering with all kinds of delicious sprinkles and sauces.

We set everything up before the guests arrive and we leave an attendant behind to make sure things are kept clean and fully stocked throughout. Then we come and take it all away.

Whatever the nature of your event, we guarantee to bring a smile to the faces of your guests.
